## **POLICY DOCUMENT ON GREEN CAMPUS**

*Dr. T. JAYACHANDRA PRASAD*  
M.E, Ph.D.,  
PRINCIPAL  
R G M College of Engg. & Tech.,  
(Autonomous)  
NANDYAL-518 501, Nandyal (Dt), A.P.

Offering B.Tech., M.Tech., M.B.A., M.C.A and Ph.D Programs

Approved by AICTE, New Delhi; Affiliated to JNTUA, Ananthapuramu

Accredited by NBA (Tier-I) of AICTE (B. Tech in Civil, CSE, EEE, ECE & Mech Engg), Accredited by 'NAAC' of UGC with "A+" Grade  
UGC Conferred CPE status (College with Potential for Excellence)., APSSDC - SIEMENS-TSDI (Technical Skill Development Institute)

Recognized UGC DDU Kaushal Kendra

Rajeev Gandhi Memorial College of Engineering and Technology is one of the most preferred engineering college in this region; it has a green agenda. As a technical institution, it demonstrated exceptional concern for maintaining an environmentally friendly campus. The students are happily enjoying the elegant and aesthetic buildings, splendid lawns, spacious sports grounds, and lush green environment conducive to the teaching and learning process. RGM CET's Green Campus Policy has been framed to create a complete green, clean and sustainable environment inside and around of the campus. The Policy also aims to implement practices that will lead to environment friendly lifestyles inside and outside the campus.

The policy has the following objectives

- To enrich the greenery in the campus by promoting tree plantation activities.
- To sensitize the faculty, staff and students on the environment issues and eco-friendly lifestyle.
- To promote Recycle and Reuse Practice thereby implementing the zero-waste lifestyle.
- To implement effective waste management measures.
- To establish a complete plastic free zone
- To implement environment friendly outside the college campus.

### **RESTRICTED ENTRY OF AUTOMOBILES**

The college operates 40 Vehicles to commute the students and staff. The institution is encouraging the staff and students to use the college's transportation instead of their own vehicles for safety, security, fuel conservation, and to reduce environmental pollution. The sign indicating that motorized vehicles should not be used to enter /not allowed in the campus.

### **USE OF BICYCLES/ BATTERY POWERED VEHICLES**

The institution is very much interested in implementing a green culture and is encouraging a greener ecosystem while also providing a pollution-free atmosphere by introducing battery-powered vehicle services all over the campus. Battery-powered vehicles are operated with limited speed within this campus. The use of bicycles is encouraged on campus.

### **PEDESTRIAN FRIENDLY PATHWAYS**

The vehicle parking space is provided at the main entrance of the college campus. As the campus is vehicle-free with some exceptions, the students and staff feel comfortable walking through the pedestrian-friendly pathways on both sides. The internal roads are lined with trees and LED lights, and they are properly maintained by the College maintenance Department.

### **MINIMAL USAGE OF PLASTIC**

The college continuously committed to work towards plastic-free campus. College administration authorities closely monitors and emphasizes the minimization of usage of plastic inside the campus. To restrict the use of plastic, measures have been taken to replace plastic tea cups and tumblers with glass ones in the canteen. The staff and students are informed to use steel or copper water bottles instead of plastic bottles.

### **LANDSCAPING WITH TREES AND PLANTS**

RGM CET's landscaping is pleasing to the eye and reflects an aesthetic sense. The institute has trees and plants to make the environment pollution-free and safeguard the health of all members. The lawns and the trees provide shade and a beautiful ambience. Utmost care is taken to develop and maintain green landscaping by well-trained gardeners. Gardeners are involved in maintaining the greenery environment.
