1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained

Students' feedback on faculty assessment will be taken once at the beginning of the semester and the second one at the end of the semester. All the feedback reports will be critically reviewed by the IQAC and possible inputs will be given to the faculty who's report is below the bench mark and motivating him/her to look at specific areas where growth is needed. Efforts are also made to motivate parents to process feedback forms at the college. A self-appraisal report is also prepared by the faculty and it will be scrutinized by HOD. Similarly feedback will be taken from the outgoing students before they leave college and the corrective measures are taken to improve the teaching and learning activity. The feedback is collected at various levels viz. Students, Parents, Teachers and Alumni. Then the feedback is analyzed at upper management and the action taken once the feedback is received. Feedback of stakeholders is sought regularly about infrastructure and learning resources for ensuring their satisfaction. Accordingly, continuous review of infrastructure and learning resources is carried out by respective committees and the recommendations are integrated for upgrading, maintaining and utilizing physical, academic and support facilities. Feedback is also taken from faculties, stakeholders and experts regarding industry trends and feedback to identify new demands of industry. Structured feedback is taken from students, alumni, employers and experts from academia, industry and research through course / programme review feedback A team of faculties takes feedback of internal and external subject experts including feedback of all course faculties of campuses to define/review the course objectives, contents, learning outcomes and assessment tools and put up the recommendations. Feedback is taken from eminent experts to integrate their feedback while defining curriculum/ programme. Feedback from students is also taken through class teachers, and corrective measures are taken accordingly to improve the teaching-learning processes. Below are the some of the points given in feedback by the Civil Engineering students of 2015-19: They are very happy to receive the degree from one of the reputed engineering college. They felt overwhelmed with the encouragement and guidance given by the faculty members throughout their course duration. Students are very happy that many companies visited the campus for placements They felt syllabus framed in curriculum by the Department is helpful to GATE and IES. They felt that the laboratories are excellent. The students are very grateful for the scholarship provided by the management for merit students

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

We at RGM have decentralized style of working. • We have open door policy, where anyone can talk to Director or Management by taking permission. • For participative management, the Director, HODs, Faculty and student representatives form the core part of the IQAC team. • We have flexibility at departmental level also as class coordinator or faculty members can suggest and implement curriculum enrichment and enhancement. Faculty members prepare their subject notes and Lecture plan, which are upgraded every semester. Subject

notes prepared by faculty are available at the college website for reference. •
 Every department prepares a roadmap for the upcoming semester in terms of infrastructural and academic growth. Departmental budget is prepared by taking suggestions from Head of Department, Class Coordinator and faculty representative.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

New computers, softwares were purchased to replace the old versions. CAD/CAM centres are air conditioned. Water cooler was installed to meet the drinking water demand.
Research and Development	The Research cell holds the regular meetings and prepare a program to broaden the academic perspective through presentation of research done by the students and faculty.
Examination and Evaluation	Year round evaluation of the student through Mid-Term examination, seminars and tutorials keeps the student in touch with the subject. It also helps to improve the confidence to meet the end semester examinations. Mentees and mentor system is quite effective in the department mentors are regularly meeting the students and monitoring their attendance and academic progress.
Teaching and Learning	At Rajeev Gandhi memorial college of Engineering and technology we follow a holistic approach for growth and development of students, our teaching and learning methodology includes brainstorming, presentations, quizzes, inquiry learning, hands on activities, case studies etc. • We provide adequate infrastructural facilities for teaching learning. • We have well qualified and experienced faculty members. • We provide Computer Laboratories with latest configuration hardware and original licenced software. We have concept of mentoring to provide special

care for students who are considered as slow learners. Each faculty mentor has a group of 15-20 students whose overall growth and development are continuously monitored to faculty and their problems are discussed. We at RGM believes that Education is a never-ending process, hence we motivate our faculty members to join Orientation Programme, Refreshers Courses, Workshops and FDPs to upgrade their skills and constantly be in the process of learning so that they can percolate the benefits of their updated knowledge and skills to students. We motivate our faculty members to pursue higher studies. We aspire to be abreast with the latest innovations and technological developments, so we encourage our faculty members to use innovative teaching methodologies. RGM is Wi-Fi enabled campus and provides facility for students to use internet as a resource in their studies. At RGM we have centralized IT savvy Library where student can utilize online resources for their knowledge building. RGM Library has library with over 904 titles and various journals, magazines, newspapers etc. all available for Engineering students.

Curriculum Development

Curriculum will be framed by the BOS members of the department by taking in to account the inputs given by the stake holders viz, Alumni, parents , experts from industry and experts from academic institutions. The designed curriculum will be submitted to the industry for the necessary approval.

Industry Interaction / Collaboration

Effective interaction with the outside industry is ensured by arranging programs / sessions at the Department level involving the field experts / Engineers. Their expertise and practical knowledge are disseminated through these. Field visits by students are also part of the interaction. Collaboration with major organisations / companies is used for mutual benefit.

Admission of Students

BEST PRACTICE- I Title of the Practice: Keeping faculty abreast with contemporary areas of the discipline so as to impart quality education. Goal Aims and Objectives: The Institute organizes Faculty Development Programs (FDP's), seminars, workshops etc. for enhancing and upgrading knowledge of faculty members. Such practices have deep impact on quality enhancement and overall development of faculty as well as students. It positively impacts the academic functioning of the Institute and facilitates the role of teacher as educators and mentors. The Institution conducts the FDP's/seminars/workshops/Guest Lectures with the following objectives: To upgrade their knowledge and skills •?To improve their effectiveness as teachers and mentors •?To promote research work in their field of specialize •?To inculcate values and ethics •?To bring innovation and creativity in teaching-learning process •?To develop sensitization towards environment and other social issues Various programs to enhance knowledge of faculty are conducted on timely basis in RGM. These includes FDP's/seminars/workshops, interactive sessions and motivational lectures from eminent persons on topics related to research, management, interpersonal communication, values and ethics etc. These talks acquaints the teachers with best practices across the world, helps in developing right research attitude, Building professional ethics and becoming an effective teacher.

BEST PRACTICE- II Title of the Practice: Pedagogy addressing outcome-based education and heterogeneity of intellectual evolution (NO ONE IS LEFT BEHIND) Objectives of the Practice: The objectives/intended outcomes of this best practice are: To facilitate effective teaching learning process in all the courses. •?To accomplish holistic growth of students and enhance their learning experiences and outcomes. To ensure effective teaching learning, students are actively involved in the teaching learning process through student cantered innovative pedagogies such as inquiry approach, constructive strategies, project learning, brainstorming sessions, ICT based learning and presentations. Monthly attendance of the students is intimated to the students and their parents. On the basis of low attendance, students are detained from appearing in examination (at the end of the semester). Each department submits an annual report on the activities comprising academic

activities, research and extension activities. Innovations in teaching/learning, publications, staff and student achievements, extra and co-curricular activities are also highlighted in the report. Annual reports of various departments are consolidated at the Director's office, which further goes to the Governing Body. To ensure quality sustenance and enhancement, the Institute periodically conducts the performance audit of the departments (by Internal Quality Assurance Cell) which includes review of Teaching - learning methodologies, result analysis, research output, Faculty Development Programs attended/conducted and Extension activities, Co-curricular and extra-curricular activities conducted during the year.
