

FACULTY ON-GOING RESEARCH AND ANALYSIS (FORAY) SCHEME

Call for Research Proposals for Academic Year 2018-19

Research and Development activities form a very vital component in building the strength of the college. It is important for faculty to be engaged in research and development activities as part of their continuous learning program. The R&D activities of the college are directed towards facilitating advanced and multidisciplinary research in topics of current interest worldwide as well as to expose the students to the research world and thus helping them to learn. In light of this vision, the R&D Board of the college is coordinating various research activities at the central level.

In this direction, the college has initiated FORAY – Faculty On-going Research and Analysis – scheme as an opportunity for the faculty of the institution, either individually or in groups, to conceive, prepare and present research proposals in the prescribed format enclosed for the prospective funding under this scheme.

Procedure:

- Proposals shall be submitted to the Dean (R&D). The proposals will be scrutinized for completeness by the Dean (R&D) and all incomplete proposals or those lacking proper justification will be returned to the concerned faculty or investigating team for re-drafting.
- Proposals that clear the initial screening will be scheduled for review by the Central Project Review Committee (CPRC). The concerned faculty or investigating team shall make a presentation before the CPRC consisting of Principal, Dean (R&D), Head of the Department, 4 senior faculty members / subject experts nominated by the Dean (R&D).
- The project grant will carry a maximum amount of Rs 5 lakhs to support the research as proposed by the faculty member or investigating team and approved by the CPRC. In case of deserving cases a higher amount may be approved by the CPRC. The decision of the CPRC will be final and binding. Preference will be given to inter-disciplinary research followed by collaborative research and lastly individual research.

Project Duration:

The project shall be tenable for a maximum duration of One (1) year/ 12 Months

Last Date for Submission of Proposals: October 31, 2018

Project Implementation Guidelines

1. The grant being released is for the specified research project and should be spent exclusively only for the said project. The investigating team shall submit the acknowledgement form for receipt of the grant in the specified format.
2. The investigating team shall maintain separate documentation and account statements for the activities and purchases carried out during the course of the project from the fund received for the same.
3. The grant shall be utilized only for the specific heads for which the sanction has been made and shall not be utilized for any other head. If there is a likelihood of the budget head exceeding the sanctioned amount, prior permission needs to be taken from the Principal for readjustment of budget from other sanctioned heads. In no circumstance shall the budget exceed the overall sanctioned amount.
4. The PI shall settle the accounts of the project immediately after the completion of the project.
5. The date of commencement of the project shall be the date of issue of the sanction order.
6. Any un-spent balance out of the amount sanctioned shall be returned to the institution after the completion of the project.
7. The following documents shall be submitted to the Dean (R&D) after 6 months of start of the project as well as at the end of the project in the specified format:
 - i) Statement of Expenditure from date of start till date of submission
 - ii) Utilisation Certificate
8. Periodic reviews will be conducted for monitoring the progress of the project. The PI along with his team is required to present the status of the work once every 3 months to assess progress vis-à-vis their stated project plan. The presentation shall be limited to 10 minutes covering topics as listed in the Project Completion Report.
9. Once the project is completed, the PI shall submit a Project Completion Report in the specified format giving full details of the work carried out, papers published and facilities developed.

PAC Meeting Held on 15-01-2019: Recommendations and Resolutions

Review was held on 15-01-2019 for proposals received under FORAY for the academic year 2018-19. A total of 09 proposals were received across departments as listed below.

S. No	Title of Proposal	Dept
1	Design and synthesis of potential hybrid materials for CO ₂ sequestration and in situ chemical conversion: a new frontier in environmental sciences	Chemistry
2	Testing and Performance analysis of CRDI Engine runs on Biodiesel	ME
3	Soya Milk Plant - Capacity 50 liters/hr	ME
4	Impact of Mobile payments with special reference to youth in Nandyal region.	MBA
5	Design and Implementation of a Two Degree of Freedom PID Control Scheme Based on IMC and Smith Predictor for Rejecting Loop Interaction in Multivariable Processes	ECE
6	Hybrid thermal enhancement of latent heat energy storage system by utilizing nano-encapsulated phase change materials	Maths
7	Natural convection heat transfer analysis of nanoliquid inside a closed chamber filled with carbon nanotubes	Maths
8	Water rationing system for Hostels	ECE
9	Power management of RGM CET campus	EEE

The Program Advisory Committee (PAC) comprising the members reviewed the proposals:
